

Spreader Bar for Forklifts

Forklift Spreader Bars - Proudly operating ever since nineteen seventy four, ELME Spreader AB is the largest independent spreader business around the world. They have been a devoted producer of spreaders meant for numerous applications like for example the trailers, handling of containers and swap bodies.

ELME currently employs more than a hundred and twenty five staff with all engineering is done in-house by means of making use of all of the latest FEM tools and CAD systems. Their spreaders are supplied to reach quayside, ship-to-shore cranes, stackers, straddle carriers, lift trucks and gantry across the world.

The ELME product collection offers spreaders used for several container and trailer handling operations. A few of their inventory include: Lift Trucks, Straddle Carriers, Ship to Shore Spreaders, Spreaders for Rail mounted and Rubber Tired Gantry Cranes, Reach Stackers, Harbour Cranes and a wide variety of additional parts.

Production and manufacturing of ELME products are developed in highly automated purpose built factory. In the year 2008, they made 1150 spreaders by using quality parts so as to guarantee dependability and high standards. Major features of ELME comprise design simplicity, market reaction and ground-breaking modular spreader concept.
