

## TCM Forklift Part

TCM Forklift Parts - In the international industry of material handling, lift trucks play an important role for transporting industrial goods. Initially innovated as industrial vehicles during the 1930s in the United States of America, lift trucks gained recognition following World War II in the 1940s. Becoming a reliable and efficient means to material handling solutions, the practicality and need of these equipment spread worldwide.

In the year 1949, started by Mr. N. Niwa, the first Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was recognized. Now the business is simply called TCM Corporation. Over the years, TCM forklifts have become an international leader in forklift manufacturing and have built a solid reputation in the business. TCM started building lift truck manufacturing sites outside of Japan in the 1980s and is currently engaged in forklift manufacturer at three foreign factories in China, the United States and Europe.

With more than fifty years of accumulated expertise and technology, TCM has been proudly manufacturing many models of industrial trucks, making their models known all around the world. With a strong and energetic staff, TCM has been able to constantly work towards becoming a future leading material handling business.
