

Electrical Part for Forklifts

Forklift Electrical Parts - Lift trucks may be particularly marked to be used in dangerous sites. A labeled lift truck denotes the design has met the lowest standards of ANSI/UL 558 used for engine powered lift trucks or ANSI/UL 583 meant for electric trucks for the type of label put.

Applications for marked lift trucks may be found in National Fire Protection Association NFPA 505 - Powered Industrial forklifts including: Areas of Use, Maintenance and Operation, and Type Designations. Ask your local insurance provider and Fire Marshall for further info regarding the permitted uses of industrial powered forklifts in your application.

If the lift truck has been found to meet the outlined criteria, the following labels can be placed. A labeled truck would have the model designation located on the lift truck nameplate and would have one of the following labels put.
