Advance-Nilfisk Parts - Imagine how long and tedious it will actually be to clean-up after a party, with out assistance from machines. Not too long ago, the dust from carpets and upholstery had to be beat out of them manually; brushes, cleaning cloths and brooms were the leading cleaning products during that time.

P.A. Fisker, the founder of Nilfisk-Advance, was an electrical engineer who loved working with electrical motors. Founding the company in 1906, he started to produce motors to drive fans, machine tools, coffee grinders and drills. Mr. Fisker's dream from the beginning was to own a global business selling goods worldwide.

The Nilfisk C1 was a revolutionary breakthrough in the cleaning industry. Mr. Fisker invented a incredible, ground breaking vacuum cleaner that could be operated by one individual for the reason that it just weighed 17.5 kilos! This invention came in a time where other cleaning equipment were massive and needed at least 4 operators, hence, the Nilfisk C1 transformed everything and evolved the manner we clean forever. The mastermind behind these very first cleaning machines remains unparalleled. Cleaning equipment offer a brilliant solution to an existing problem; things get dirty and should be cleaned frequently, without a lot of effort.

Gradually, the company Nilfisk-Advance developed all through the years. During the the early part of the 1980's the company expanded more rapidly when the business became a part of the NKT Group. With new owners on board, they focused on driving Nilfisk-Advance ahead within the business, aiming to be an active global player in manufacturing professional cleaning machines. Nilfisk-Advance is presently represented in every part of the globe by gradually acquiring a lot of smaller businesses in order to grow their product portfolio and presence in new markets. They are really proud to offer a range of cleaning solutions to suit each requirement.
