

Rockwell Part

Rockwell Parts - AxleTech International is a premier supplier in the globe of specialty vehicle drive-train systems and parts together with off highway vehicles. The company prides itself on being its customers' preferred supplier. AxleTech strives to exceed and meet their clients' expectations for quality, service, technology and delivery. They believe in working within an environment which supports the utmost integrity with empowered teamwork, along with a unrelenting pursuit of results.

AxleTech International is a General Dynamics business. They believe strongly in actively using principals of environmental stewardship and safety in how they do business. The business has put various programs in place in order to articulate these values in their business policy. AxleTech happily shares this policy and welcomes interested parties to offer them with any comments or questions, as they are happy to share and promote this policy with a greater knowledge of their efforts. They are really dedicated to improving and preserving the natural environment. AxleTech has an EHS program which not just protects the natural world but which also actively protects their neighbors and employees also.

AxleTech specializes in the designing and manufacture of planetary axles used for both military and commercial applications, which may consist of anything from airport ground support to construction equipment. They take great pride in being a ground-breaking drive-train solutions provider also. AxleTech particularly designs axles to be able to meet particular application demands. They have over 1000 various axle specs in their present offering. With over one hundred years of history and skill, AxleTech proudly supplies the most complete solution for any of your axle needs. The company is well known in various military and commercial applications. They offer complete axle assemblies for aftermarket replacement needs, along with servicing axle needs for OE production. Their high mobility ISAS have further details that can be seen in the "ISAS" product collection.
